## MEET THE TRAINERS

Dr. Tom Pitts  
Reno, NV

---

Dr. Pitts is a world renowned lecturer and clinician. He is highly recognized for his continued teaching of orthodontic finishing and clinical excellence. Dr. Pitts is an associate clinical professor at the University of the Pacific and founder of the well-respected Pitts Progressive Study Club.

Dr. Pitts has been published in multiple journals and clinical publications. He has been actively teaching the orthodontic community in a variety of setting both nationally and internationally since 1986.

---

**Dr. Duncan Brown**  
Alberta, CANADA

---

Dr. Duncan Brown is a highly regarded international speaker and educator in passive ligation bracket systems. Dr. Brown teaches regularly at the University of Alberta and University of Manitoba and is also a Kodak/Carestream Dental speaker and consultant.

Dr. Brown has made large contributions to the orthodontic community from creating effective hygiene programs for patients, to the G&H Pre-Torqued Archwire series and much more!

---

## Dr. Tomas Castellanos Colombia

---

Dr. Tomas Castellanos is an international speaker and certified educator. Dr. Castellanos has been the coordinator of research with important works, which have developed new orthodontic and surgical techniques, that speed up the treatment time and provide striking functional and aesthetic results. He has his professional practice as an orthodontist in Colombia.

His progressive treatment planning and focus on facial aesthetics has created a highly successful name for himself early in his career.

We are proud to have Dr. Castellanos be a part of our Ortho Evolve Staff.

---

**Dr. Sabrina Huang**  
Orthodontist - Trainer

---

Dr. Sabrina Huang is a practicing orthodontist in Taiwan. Her well rounded training with top clinicians around the world and focus on excellence has given her a skill set in orthodontics that make her a great teacher and educator.

---

**Dr. Peter Csiki MSc**  
Hungary - Italy

---

Dr. Peter Csiki MSc is a practicing orthodontist in Budapest - Hungary and Milan - Italy. He's been teaching orthodontics for

20 years, speaker on passive self ligation since 2008. He is committed to continuous learning on esthetics and function in orthodontics all around the world to be able to treat his patients and teach his students on the highest level possible.

---

### Dr. Michael Major Alberta, Canada

---

Dr. Michael Major is the head of OrthoEvolve's clinically related research team. Dr Major helps facilitate novel biomechanics testing with the University of Alberta Biomechanics Laboratory. He maintains OrthoEvolve's ever growing database of high quality, clinically relevant research, and teaches OrthoEvolve's case management strategies to residents at the University of Alberta along side Dr Brown.

Dr Major is the Director of the Inter-disciplinary Airway Research Clinic (I-ARC) at the University of Alberta. There he works with a team of physicians, engineers, statisticians, and software programmers to develop innovative ways of helping children with sleep disordered breathing. He has published numerous articles in peer reviewed journals on a variety of topics in orthodontics.

---

## OUR EUROPEAN IN-OFFICE FACULTY

Dr. Nimet Guiga  
Portugal

---

Dr. Nimet Guiga is a practicing orthodontist, speaker and educator in Europe. Her private practice in Cascais, Portugal is dedicated to orthodontic and esthetic excellence.

She is a Portuguese-Canadian who practiced Oral Surgery before she found her passion for Orthodontics.

After getting her Orthodontic degree in France, she travels around the world to learn from the best orthodontists and stay up to date with state of the art technology.

She is committed to life long learning and teaching.

---

---

## ADDITIONAL TRAINERS

We are privileged to train In-Office with these  
Progressive Orthodontists.

**JIM MORRISH, DMD**  
Bradenton, FL

---

Dr. Morrish considers it imperative to be aware of and up-to-date on the latest technology and orthodontic techniques. He shares his vast knowledge of the most advanced orthodontic methods by teaching as an Adjunct Clinical Professor at Nova Southeastern University in Ft. Lauderdale, Florida.
